Isabella Barona

UI designer and illustrator

UI designer and illustrator with a great sense of responsibility and organization, which allows me to manage design projects with efficiency and creativity. I focus on providing visual solutions (interfaces, illustrations, motion graphics) that enhance the user experience with a high level of detail.

Work Experience

Content Designer

AllyRite, EEUU (remote)

August 2025 - Present

I designed 1 year of content for social media. I was also in charge of re-designing the visual interface of the company's web page, including architecture and visual hierarchy decisions.

Illustrator

Trans-pasando Fronteras Magazine, Cali

September 2024 - July 2025

I created, designed and illustrated the main cover of the magazine Trans-pasando Fronteras of Universidad Icesi for its 22nd edition, as well as the covers for each section of the magazine.

Monitor

UXLab ICESI, Cali

August 2024 - July 2025

I was in charge of assisting in the organization of the subject Information Architecture, as well as prototyping projects and assisting in the organization of events such as "UXConnect".

UI designer and frontend developer

Gases de Occidente, Cali

February 2024 - July 2024

I designed, built and coded the components for the application developed for document, log and multimedia management "Cloudtrack".

Education

Bachelor's Degree in Interactive Media Design - Magna Cum Laude

Universidad ICESI, Cali

2021 - 2025

• Achievements

Pixel Media award - 1st place for Audiovisual production - Universidad Icesi October 2023

High School

Liceo Benalcázar, Cali

2014 - 2020

Extracurriculars

Design committee leader

Güinev student group

July 2024 - July 2025
